MyCH Care Portal Proxy Access Procedures

Granting Access:

Caregivers requesting proxy access to a patient's medical record can be granted such access to the MyCH Care Portal if the patient authorizes their access and each proxy has their own MyCH Care Portal username and password.

As a proxy, I understand the following requirements:

- I must complete and sign either the **MyCH Care Portal Proxy Authorization Form – Adult / Emancipated Minor** or the **MyCH Care Portal Authorization Form – Minor**, as appropriate. The form must also be completed and signed by the patient or their legal representative (Guardian / Power of Attorney). o ***Emancipated minors must provide proof of emancipation.*** o Access to a non-emancipated minor's online record is only available to birth/adoptive parents or individuals with legal guardianship.
- If I do not have my own MyCH Care Portal account, I will need to contact the Patient Portal Liaison at (410) 535-8277.
- I agree to abide by the terms and conditions on the MyCH Care Portal site.
- **MyCH Care Portal is NOT to be used in an emergency. 'Contact Us' message responses may take up to 3 business days.**

Please return completed *MyCMH Care Portal Proxy Authorization Form* and any supporting documentation to the Calvert Health System Health Information Management Department or mail to:

CalvertHealth Medical Center
100 Hospital Road
Prince Frederick, MD 20678

ATTN: Health Information Management (MyCH Care Portal) **Revoking**

Access:

Proxy access to a patient's record is revoked when:

- The patient or physician submits a request to revoke access online;
- When a non-emancipated minor reaches age 18;
- Or when a parent/legal guardian requests that access be revoked.

Calvert Memorial Hospital reserves the right to revoke online access to medical information at any time, including in the event that access disputes between parents / guardians / minor cannot be resolved.

Access Guidelines:

- If you have a MyCH Care Portal account, you will receive a MyCMH Care Portal e-mail message when access to the patient's record is available - typically 5 to 7 business days after completed authorization form is received.
- If you do not have a MyCH Care Portal account, you may enroll in MyCMH Care Portal by clicking on **Set Up an Account**. • Communications (e-mails) on behalf of the individual you are caring for must be sent from inside the Patient's MyCH Care Portal account. Due to software limitations, notification that a response is available can only be sent to the email address entered in the MyCH Care Portal profile for the patient or the patient's proxy.
- When signed into another person's online medical record, the top of each screen on MyCH Care Portal will note the name of the person's file being viewed.
